2T Oil

Specifications

API TC | BIS: IS 14234-1: 2002 | JASO FC

Packing Sizes

250 ml, 500 ml, 1 ltr, 210 ltr

Premium 2-stroke engine oil formulated with low-ash additives to minimize spark plug fouling, exhaust smoke, and carbon buildup.

Suitable for two-stroke engines in two-wheelers, auto-rickshaws, mopeds, lawn mowers, and small handheld agricultural equipment.

Racer 4T 20W40

Specifications

API SJ | BIS: IS 13656:2002 | JASO MA2

Packing Sizes

900 ml, 1 ltr, 210 ltr

High-performance 4-stroke engine oil designed to protect engine components, ensure optimum clutch performance, and maintain gear stability under everyday riding conditions

Recommended for modern 4-stroke motorcycles, scooters, and 3-wheelers requiring API SJ / JASO MA2 specification.

Supreme 20W50

Specifications	API SM JASO MA2
-----------------------	-------------------

Packing Sizes	1 ltr, 210 ltr
----------------------	----------------

Racer Plus 20W50

Specifications	API SL
-----------------------	--------

Packing Sizes	500 ml, 1 ltr, 3 ltr, 50 ltr, 210 ltr
----------------------	---------------------------------------

BIS Standard	IS 13656:2002
---------------------	---------------

Heavy-duty multigrade oil formulated for engines operating under high thermal loads. It maintains oil film strength and reduces oil consumption in high-temperature environments.

Ideal for heavy-duty 4-stroke motorcycles, cruisers, older gasoline passenger cars, and vehicles operating under warm climatic conditions.

Racer Gold 10W30

Specifications	API SN BIS: IS 13656:2002 JASO MA2
-----------------------	--

Packing Sizes	900 ml, 1 ltr, 210 ltr
----------------------	------------------------

Premium quality, low-viscosity 4-stroke engine oil designed for superior fuel economy, quick cold starting, and active engine cleaning.

Suitable for modern commuter bikes, scooters (e.g., Honda, Hero, TVS), and compact gasoline cars specifying 10W30 viscosity.

SAE 30 / 40 / 50 (Monograde Diesel Oils)

Specifications	API CD BIS: IS 13656:2002
-----------------------	-----------------------------

Packing Sizes	500 ml, 1 ltr, 5 ltr, 50 ltr, 210 ltr
----------------------	---------------------------------------

Classic monograde engine oils provide reliable protection against wear, oxidation, and corrosion in naturally aspirated diesel engines.

Stationary diesel engines, agricultural pump sets, older tractors, generators, and light industrial equipment.

10W40 Engine Oil

Specifications	API SN BIS: IS 13656:2002 JASO MA2
-----------------------	--

Packing Sizes	900 ml, 1 ltr, 210 ltr
----------------------	------------------------

Advanced synthetic-blend engine oil offering exceptional thermal stability, reduced wear, and smooth wet-clutch operation under severe driving conditions.

Modern high-performance motorcycles, sports bikes, and passenger cars requiring API SN 10W40 lubrication.

	Multi 20W40	
	Specifications	API CF-4 BIS: IS 13656:2002
	Packing Sizes	500 ml, 1 ltr, 5 ltr, 7.5 ltr, 10 ltr, 20 ltr, 50 ltr, 210 ltr
	Versatile multigrade heavy-duty diesel engine oil designed to protect against high-temperature deposits, soot buildup, and ring sticking. Commercial diesel vehicles, light commercial vehicles (LCVs), agricultural tractors, and construction machinery	

	15W40 Heavy Duty Engine Oil	
	Specifications	API CF-4: Multi-purpose commercial vehicles & light diesel engines API CH-4: Turbocharged diesel engines with soot handling API CI-4: High-speed 4-stroke heavy-duty diesel engines API CI4+: Premium low-emission engines with extended drain capability
	BIS Standard	IS 13656:2002
	Packing Sizes	1 ltr, 5 ltr, 7.5 ltr, 10 ltr, 15 ltr, 20 ltr, 50 ltr, 210 ltr
	Top-tier heavy-duty diesel engine oil provides maximum protection against bore polishing, wear, and sludge under demanding heavy-haul operations. Heavy commercial vehicles (trucks, buses), off-highway mining/construction machinery, and modern turbocharged diesel fleets.	

UTTO (Universal Tractor Transmission Oil)

Specifications	API GL-4
Packing Sizes	1 ltr, 4 ltr, 5 ltr, 10 ltr, 20 ltr, 50 ltr, 210 ltr
Multi-functional tractor hydraulic and transmission lubricant delivering anti-squawk wet brake performance, anti-wear protection, and hydraulic power delivery. Agricultural tractors, wet-brake systems, tractor transmissions, hydraulic power lifts, and transaxles.	

15W50 Engine Oil

		0W20 Engine Oil	
		Specifications	API SP BIS: IS 13656:2002 ILSAC GF-6A
		Packing Sizes	1 ltr, 3.5 ltr, 4 ltr, 5 ltr, 210 ltr
		Fully synthetic, ultra-low viscosity engine oil engineered to maximize fuel economy, prevent Low-Speed Pre-Ignition (LSPI), and ensure immediate cold-start protection. Latest-generation gasoline passenger cars, hybrid vehicles, and modern turbocharged direct-injection (TGDI) engines (e.g., Maruti Suzuki, Hyundai, Honda, Toyota).	

		5W30 Engine Oil	
		Specifications	API SN BIS: IS 13656:2002 European Specifications Standard
		Packing Sizes	1 ltr, 3.5 ltr, 4 ltr, 5 ltr, 210 ltr
		Advanced synthetic engine oil provides superior engine cleanliness, wear reduction, and optimized fuel economy across variable driving conditions. Modern petrol and diesel passenger cars, SUVs, and light utility vehicles.	

5W40 Engine Oil

Specifications	API SN BIS: IS 13656:2002
-----------------------	-----------------------------

Packing Sizes	1 ltr, 3.5 ltr, 4 ltr, 5 ltr, 210 ltr
----------------------	---------------------------------------

Premium fully synthetic motor oil offering maximum engine life, outstanding high-temperature stability, and rapid oil circulation during startup.

Luxury sedans, high-performance passenger cars, SUVs, and turbocharged petrol or diesel engines.

Gear EP 90

Specifications	API GL-4 BIS: IS 1118:2019
-----------------------	------------------------------

Packing Sizes	500 ml, 1 ltr, 5 ltr, 10 ltr, 20 ltr, 26 ltr, 50 ltr, 210 ltr
----------------------	---

Extreme-pressure gear lubricant formulated with chemical additives to protect manual gearboxes from wear, rust, and pitting.

Automotive manual transmissions, steering gear assemblies, and spiral bevel gearboxes operating under moderate speed and pressure.

Gear EP 140

Specifications

API GL-4 | BIS: IS 1118:2019

Packing Sizes

500 ml, 1 ltr, 5 ltr, 10 ltr, 20 ltr, 26 ltr, 50 ltr, 210 ltr

Heavy-duty, high-viscosity extreme pressure gear oil designed for heavy load-carrying applications and warm ambient temperatures.

Heavy commercial vehicle transmissions, rear axles, agricultural machinery gearboxes, and industrial reduction gear sets.

Gear Oil 80W90

Specifications

500 ml, 1 ltr, 5 ltr, 10 ltr, 20 ltr, 26 ltr, 50 ltr, 210 ltr

Packing Sizes

900 ml, 1 ltr, 210 ltr

Multigrade hypoid gear oil delivering extreme pressure capability, high thermal stability, and gear tooth shock-load protection.

Automotive hypoid differentials, rear axles, transaxles, and heavy-duty drive axles working under high speed/shock load conditions

Gear Oil 85W140

Specifications

API GL-5 | BIS: IS 1118:2019

Packing Sizes

500 ml, 1 ltr, 5 ltr, 10 ltr, 20 ltr, 26 ltr, 50 ltr, 210 ltr

High-viscosity multigrade extreme pressure gear oil engineered for heavy load endurance, minimal gear wear, and high operating temperatures.

Heavy commercial vehicle differentials, hypoid rear axles, off-road construction equipment, and heavy equipment planetary gears.

ATF (Automatic Transmission Fluid)

Specifications

API GL-5

Packing Sizes

500 ml, 1 ltr, 4 ltr, 5 ltr, 10 ltr, 20 ltr, 50 ltr, 210 ltr

Premium fluid with high friction durability, thermo-oxidative stability, and smooth hydraulic response for automatic gearboxes.

Automatic transmissions, power steering systems, torque converters, and select hydraulic systems in cars and commercial vehicles.

Bulk Supply & OEM Manufacturing

Bulk Supply & OEM Manufacturing

AGREX Lubricants is a trusted manufacturing partner for businesses seeking reliable lubricant solutions at scale. We offer flexible supply options tailored to distributors, fleet operators, industrial customers, and automotive brands.

We Offer:

Bulk Supply – Available in drums, barrels, IBCs, and tanker quantities for commercial and industrial requirements.

OEM / Private Label Manufacturing – Custom lubricant manufacturing under your own brand with personalized packaging, labels, and branding.

Custom Formulations – Products developed to meet specific technical requirements and international performance standards.

Flexible Packaging – From retail packs to industrial bulk packaging.

Consistent Quality – Manufactured under stringent quality control systems to ensure reliable performance.

Technical Support – Assistance with product selection, specifications, documentation, and after-sales support.

Pan-India & Export Supply – Reliable logistics for domestic and international customers.

Partner With Us

Whether you are launching your own lubricant brand, expanding your distribution network, or looking for a dependable bulk supplier, AGREX Lubricants is committed to delivering high-quality products with competitive pricing and dependable service.

Why Choose AGREX Lubricants?

- ✓ Premium Quality Base Oils & Advanced Additives
- ✓ Meets API, BIS, JASO, ACEA & ILSAC Standards*
- ✓ Superior Engine Protection & Wear Resistance
- ✓ Enhanced Fuel Efficiency & Cleaner Engine Performance
- ✓ Extended Oil Drain Capability*
- ✓ Suitable for Indian & Global Operating Conditions
- ✓ Manufactured Under ISO 9001 & ISO 14001 Certified Systems

**Applicable to selected products.*

Disclaimer

The information provided in this catalogue is intended for general guidance only. Product specifications, formulations, packaging, and availability are subject to change without prior notice as part of our continuous product improvement program. Always refer to the latest Technical Data Sheet (TDS) before selecting or using any product.

Terms & Conditions

- Prices are subject to change without prior notice due to fluctuations in raw material and base oil costs.
- Product availability may vary by region and packaging size.
- Warranty is limited to product quality when stored and used in accordance with AGREX recommendations.
- Customers are responsible for ensuring product suitability for their specific application.
- All orders are subject to AGREX Lubricants' standard sales terms and conditions.

Quality Assurance

Manufactured under a certified **Quality Management System (ISO 9001)** and **Environmental Management System (ISO 14001)** to ensure consistent quality, reliability, and environmental responsibility.
