Calcium Grease

NLGI Grade	NLGI 3
BIS Standard	IS 9917:1983
ISO Standard	ISO 6743-9 (L-XBCHB 3)
Description	Water-resistant calcium soap grease designed for general lubrication under moderate operating conditions. Provides reliable protection against rust and corrosion where moisture is present.
Applications	Agricultural machinery; Water pumps; Chassis lubrication; Construction equipment; Low-speed bearings; Wet operating environments

Lithium Grease

NLGI Grade	NLGI 3
BIS Standard	IS 12203:1999
ISO Standard	ISO 6743-9 (L-XBCHB 3)
Description	Multipurpose lithium soap grease offering excellent mechanical stability, oxidation resistance and wear protection.
Applications	Electric motors; Ball & roller bearings; Automotive chassis; Industrial machinery; Pumps; General-purpose lubrication

Calcium Base EP Grease

NLGI Grade	NLGI 1
BIS Standard	IS 11637:2022
ISO Standard	ISO 6743-9 (L-XCCIB 1)
Description	Extreme pressure grease formulated for heavy-duty equipment operating under shock loads and high-pressure conditions.
Applications	Mining equipment; Construction machinery; Heavy-duty bearings; Steel plants; Crushers; Excavators

Lithium Complex Grease

NLGI Grade	NLGI 3
BIS Standard	IS 14847:2000
ISO Standard	ISO 6743-9 (L-XCCHB 3)
Description	Premium high-temperature grease with excellent load-carrying capability and long service life.
Applications	Steel mills; Paper mills; Electric motors; Wheel bearings; Industrial fans; High-speed bearings

Calcium Sulphonate Grease

NLGI Grade	NLGI 3
BIS Standard	IS 11637:2022
ISO Standard	ISO 6743-9 (L-XBFI 3)
Description	Premium grease with excellent corrosion protection, water resistance and load carrying capacity.
Applications	Marine equipment; Offshore; Mining machinery; Cement plants; Heavy industrial bearings

General Purpose Grease

NLGI Grade	NLGI 3
BIS Standard	IS 507:1993
ISO Standard	ISO 6743-9 (Application Based)
Description	Economical multipurpose grease for routine lubrication under normal service conditions.
Applications	Automotive chassis; Farm equipment; Industrial machinery; Hinges; Pins; Bushes

High Temperature Grease

NLGI Grade	NLGI 3
BIS Standard	IS 12790:1989
ISO Standard	ISO 6743-9 (L-XBGHB 3)
Description	High-performance grease formulated to withstand elevated temperatures.
Applications	Kilns; Ovens; Conveyor bearings; Textile machinery; Steel processing equipment

Silicone Grease

NLGI Grade	NLGI 3
BIS Standard	IS 14383:1996
ISO Standard	ISO 6743-9 (L-XEAHB 3)
Description	Silicone-based grease offers excellent thermal stability, dielectric properties and moisture resistance.
Applications	Electrical connectors; O-rings; Valves; Rubber seals; Plastic components

Graphite Grease

NLGI Grade	NLGI 3
BIS Standard	IS 508:1987
ISO Standard	ISO 6743-9 (L-XBCEB 3)
Description	Graphite-fortified grease for heavy loads and slow-speed conditions.
Applications	Open gears; Wire ropes; Sliding surfaces; Heavy-duty bearings; Mining and construction equipment

OEM & Private Label Manufacturing

Partner with AGREX Lubricants

At **MniGlobal Core Products Pvt. Ltd.**, we provide comprehensive OEM and private label manufacturing solutions for industrial greases. Whether you are a lubricant distributor, equipment manufacturer, trading company, or an industrial brand, we help you develop and market premium-quality grease products under your own brand.

Our OEM Capabilities

Service	Details
Custom Product Development	Grease formulations developed according to your application and performance requirements.
Private Label Manufacturing	Complete branding with your logo, product design, and packaging.
Custom NLGI Grades	NLGI 000 to NLGI 6 (application dependent).
Specialized Formulations	Lithium, Lithium Complex, Calcium, Calcium Sulphonate, Aluminium Complex, Graphite, Moly, Silicone, High Temperature, Food Grade and other specialty greases.
Performance Additives	EP, Anti-Wear, Rust Preventive, Corrosion Inhibitor, Water Resistant, High Temperature and Long-Life formulations.
Packaging Solutions	500 g, 1 kg, 5 kg, 10 kg, 18 kg, 20 kg, 50 kg, 180 kg drums and customized packaging.
Branding Support	Label design, product catalogue, packaging artwork and marketing materials.

Quality Assurance	Manufactured under ISO 9001:2015 and ISO 14001:2015 certified quality management systems.
Export Support	Documentation, customized packaging and logistics support for international markets.

Disclaimer

The information provided in this catalogue is intended for general guidance only. Product specifications, formulations, packaging, and availability are subject to change without prior notice as part of our continuous product improvement program. Always refer to the latest Technical Data Sheet (TDS) before selecting or using any product.

Terms & Conditions

- Prices are subject to change without prior notice due to fluctuations in raw material and base oil costs.
- Product availability may vary by region and packaging size.
- Warranty is limited to product quality when stored and used in accordance with AGREX recommendations.
- Customers are responsible for ensuring product suitability for their specific application.
- All orders are subject to AGREX Lubricants' standard sales terms and conditions.

Quality Assurance

Manufactured under a certified **Quality Management System (ISO 9001)** and **Environmental Management System (ISO 14001)** to ensure consistent quality, reliability, and environmental responsibility.
